WE LOVE... LaCroix Sparkling Water

March 28, 2019

It is the only leading sparkling water on the market that is sodium free. In addition, it has zero calories and no sweeteners. However, that does not stop people from being obsessed with it and vowing to [#LiveLaCroix](#). LaCroix sparkling water is one of the biggest innovators in the sparkling water business. According to LaCroix, innovation is the essential ingredient- which is clearly proven by their 20 phenomenal flavors (with more on the way). One of the best parts about LaCroix is how natural it is. In being so, it makes a great mixer for any type of alcoholic or nonalcoholic drink you can think of. In 2017, one of the most interactive wedding trends is [do-it-yourself food and beverage stations](#). Depending on who you hire, you can pick to have a build your own s'mores stations; make your own taco stations; or mix your favorite LaCroix flavors for a new cocktail
